Salamonie Township School

Thunderbolt

Warren, Indiana

With the passing of time, the echoes of our school life will grow fainter and fainter, and then die away. Gone forever will be the routine of school life, the fun we had, and the friends we made. It is the hope of the 1957 Thunderbolt Staff that, as you glance through this book in the years to come, you will recapture those moments--and the echoes will begin again.

IN MEMORIAM

None knew thee
but to love thee, None
named thee but to
praise.

--Halleck

MISS VERA STRAIT

We, the members of the senior class, respectfully dedicate this annual to the memory of Miss Strait, whose warm friendship and patient instruction during the thirty-one years of her service at Salamonie Township School helped so many.

FROM OUR PRINCIPAL

To the Students, Faculty, and Parents

It is indeed a wonderful privilege to have a system of education like ours. We are given the opportunity of making the most of it through our studies and our associations with people. It has sincerely been a pleasure working with such a fine group of people in this school. It requires the cooperation of students, teachers, and parents to make the most of school life, which in part is displayed in this book.

May this yearbook serve to remind you of the many wonderful hours and times spent in Salamonie Township School in the 1956-57 school year. It should be a reminder in the years to come of all the things that school meant and the value of a sound educational program.

CLASS PROPHECY

I find myself standing in the front hall of our school looking at a picture. What picture? Why, of course, the class of '57. Here is what I see:

Jim Babcock is a leading physician of the country. Just yesterday I read that he had performed a very delicate brain operation with great success.

James Boxell is head salesman for Huffman-Earhart. He's quite a "Ford" man, you know.

Charles Booher is now a jet pilot. I just read the other day that he was traveling three times the speed of sound.

Rosalie Boyer is now the owner of a very large pet shop in New York. She also gives lectures to boys in her spare time.

Ronnie Burns joined the Kansas basketball team. He is taking the place of "Wilt the Stilt".

Rex Cloud has just joined the Fort Wayne Pistons. He is the smallest player on the team but, he has the right kind of spirit.

Herbert Dalrymple just won the 500-mile race at Indianapolis. His average speed was 175.099.

Marilyn Dickey is happily married to Dan Wood and they are very busy taking care of all the little "Woodchucks".

Janet Gard is now head of the Truckers' Department of Weaver's. She and Roger have taken over the company.

Scotty Huffman is now a Colonel in the United States National Guard.

Don Irick is now attending Art School; some of Dixie's talent has "rubbed off" on him and he really likes it.

Waldo Knight is out of the armed forces and farming a 640-acre dairy farm.

Lou Ellen Laymon is now the head proprietor of the Gold-Seal Drug Store. She and John now own all of the Rexall Drug Stores across the country.

Judy Leasure is now editor-in-chief of the New York Times newspaper, and coaches a professional football team on the side.

Alon Meese is now the head carpenter for the Cline-Click Lumber Company. He also plays basketball for a professional team during the winter months.

Jim Morrison, the "brain" of the class, is now a very famous scientist, working with hydrogen bombs.

Kenneth Poulson is now raising hogs for the Chicago Board of Trade. This is what he has always wanted to do.

Larry Poulson has moved to Texas, and now owns a 10,000-acre ranch that has several oil wells on it. Larry is really rich - I guess we will all go live with him.

Betty Rittenhouse is happily married to the very prominent Skip Spaulding. As you probably know, Skip is now president of International Harvester at Fort Wayne.

Norma Ruble is now married happily to a very prominent person. As you know, he is the nation's leading lawyer. This puts Norma where she has always wanted to be "right on top of the world".

Wayne Schlotter is now a five-star General in the United States Air Force. He has decided that married life isn't for him, and is still single.

Larry Shafer has just won at the World's International Livestock Show with one of his Duroc hogs. Larry also has a very large herd of sheep.

Marilyn Smith is happily married to Nelson Bell and is teaching art in a very large high school in Baltimore, Maryland.

Keith Spahr, one of the many basketball players in our class, is now head coach at I.U.

Norene Vickrey is now living on one of Indiana's finest agriculture farms and is raising a little herd of her own. She now goes by the name of Mrs. Ronald Blair.

Sarah White is married now and she and Jerry are raising 4,000 head of cattle per year. On the side Sarah has taken several African hunting trips.

Maurice Wilcoxson is still running back and forth from Warren to Huntington trying to find just the right girl.

Joyce Wilson has really come up in life; she is now the private secretary to the president of Corrugated Paper Company in Hartford City.

Claude Wirick is now head photographer for Life Magazine. This had always been his dream.
